## Hebe Skincare Gold Ltd

### Why call ourselves 'HEBE' -

Hebe is the Greek Goddess of YOUTH. Through our products, we strive to give your skin a youthful feel and look. Our natural stem cell rare ingredients work with your skin at deep levels to leave it looking fresh, radiant and smooth.

### Why Us?

Hebe's laboratory has been inspiring the way people use skincare for over 20 years. Through our laboratory in Los Angeles we are established globally and people know and trust our products. Hebe specialises in providing skincare technology, our products have been created with the utmost care and are at the cutting edge of the latest Derma-Bio-Nanotechnology in skincare. Our mission is to deliver the highest standards at fantastic value.

Our unique products, have a reputation for quality and offer an original luxury feel for urban professionals and the beauty conscious. We have two ranges which are distinguished according to age. Our products from the Gold range for example would not be beneficial to someone in their late 20s and similarly, our Blue Bird range would not have a strong impact on someone in their late 40s.

## **A NEW ERA IN SKINCARE HAS ARRIVED - Hebe Blue Bird Range**

Hebe Skincare's laboratory in Los Angeles, California, brings you this revolutionary natural facial skincare range known as Hebe Skincare Blue Bird. It comprises four products formulated by a Hollywood dermatologist with several years' experience of providing anti-ageing care to the stars. The products are loaded with Peptides, Hyaluronic Acid, and Red Marine Algae firming agents proven for their lifting properties.

Unlike most topical skincare ranges, they have been formulated with a vehicle that ensures that they penetrate the layers of the skin to work with the skin cells in resuscitating collagen production which diminishes as we grow older. Collagen is responsible for skin elasticity and the plumpness usually associated with youth. Used regularly, our products quickly reduce the appearance of fine lines, with visible results as early as within the first week of use. Made with natural ingredients, they are proven to show results whilst being gentle to the skin. This amazing skincare range provides daily conditioning for truly radiant and youthful skin and are great for the under 40 age range.

**HEBE SKINCARE BLUE BIRD Toning Foaming Facial Cleanser (236ml, 8oz)** A mild, anti-bacterial facial cleanser formulated with skin purifying elements and emollients, including arnica, lavender extract and cucumber for healing, soothing, moisturizing and deep cleansing. Used daily, it effectively cleanses and refreshes the skin. It is mild and not drying or irritating, leaving the skin fresh and shine free.

**HEBE SKINCARE BLUE BIRD Foaming Facial Exfoliator ( 118ml, 4oz)** This is natural microdermabrasion! Our superior exfoliator contains bamboo stem powder and bamboo extract. It is an intensive exfoliator which removes dead cells and stimulates growth of new healthy tissue. It also contains Salicylic Acid ( A Beta Hydroxy Acid (BHA) an organic acid which functions as a plant hormone). It is a fantastic natural scrub and also known for its anti-acne qualities. A refreshing and effective way to rid skin of dirt and impurities. It is firming, toning and anti-bacterial. Used, at least once a week, it gently removes dead skin cells revealing new younger looking skin. (it's also kind to planet and does not contain microbeads)

**HEBE SKINCARE BLUE BIRD Ultra Glow Facial Moisturizer (59ml, 2 oz)**

A truly revolutionary moisturizer. It is ideal for all skin types and all ages. Enriched with Anti-Oxidants, Vitamins, cell regenerating ingredients and a signature blend of ingredients to revitalize moisturize and protect your skin. Thanks to its superior blend of selected ingredients it has a mild clarifying effect on the skin. It works on many levels:

**Moisturizing:**

It also contains hyaluronic acid which is known for its water storing properties (retains up to 1000 times more water). This creates a film around the skin to prevent ageing and promote youthfulness and healthy looking skin.

**Youth Boosting and Revitalizing:**

It contains two peptides (Tetrapeptide Citrulline and Palmitol Tetrapeptide which acts at a cellular level to enhance the skin's collagen production improving elasticity and firmness. Also walnut shell extract which is an excellent antidote against stretch marks and works against photo ageing and chronological ageing, quickly diminishing the appearance of fine lines.

**Clarification of the complexion and blemish removal:**

Regular use will help lift blemishes and spots, including liver and age spots through our signature blend of brightening ingredients such as bearberry extract, licorice, arbutin, and kojic acid.

**Repair of damaged skin and prevention of further damage:** This elegant moisturizer also contains antioxidants which help to repair the damage of free radicals whether environmental or otherwise.

**HEBE SKINCARE BLUE BIRD Rejuvenating Beauty Serum (30ml, 1oz)**

Beautify and enhance your skin's radiant appearance with this amazing youth complex serum formulated with a scientifically developed blend of ingredients obtained using the most advanced Derma-Bio-Nanotechnology procedures. Our Beauty Serum provides rapid reduction of fine lines and shows long-term anti-aging results. It works in various ways to achieve the best youth boosting results currently available in the market.

Collagen production and youthfulness (diminishing of fine lines) -

It contains 5 different peptides, including palmitoyl tetrapeptide, and tetrapeptide citrulline, Acetyl tetrapeptide 5 which are proven to reduce puffiness around the eyes. In addition, an active component is Squalene, a natural component of the skin which promotes plumpness. These ingredients combine at a cellular level to increase the efficacy of skin's collagen production for increased firmness and elasticity. In addition, hydrolysed rice protein combats the degrading effects of collagenase (which are ageing enzymes) to delay early aging.
